2430/page 2 of 2

In addition to the eligibility requirements established by the Michigan High School Athletic Association, to be eligible for any Athletic or other extra-curricular activity, a student must have maintained at least a 2.0 grade-point average.

An exception may be made by the principal if the student is under an IEP or has been participating in an intervention program and has shown satisfactory progress toward achieving the minimum grade-point average.

Students shall be fully informed of the curricular-related activities available to them and of the eligibility standards established for participation in these activities. District-sponsored activities shall be available to all students who elect to participate and who meet eligibility standards.

The Superintendent shall prepare administrative guidelines to implement a program of curricular-related clubs and activities. Such guidelines should ensure that the needs and interests of the students are properly assessed and procedures are established for continuing evaluation of each club and activity.
